Welcome to the AECEF–EUCEET Joint Conference 2027, to be held in Zagreb on 22–23 April 2027. Jointly organised by AECEF and EUCEET, this conference will bring together colleagues, researchers and academic leaders interested in the future of Civil Engineering education in Europe. Under the theme “**Civil Engineering Education for the Green and Digital Transformation**”, the event will provide a forum to exchange experiences, discuss current challenges and share innovative approaches in teaching, learning and curriculum development. The conference will also offer an opportunity to strengthen cooperation between institutions and to reflect collectively on the contribution of Civil Engineering education to Europe.
