**Important information:**

- Students recruited for the 1st semester of second-cycle studies will be enrolled in classes administratively in the USOS system
  - Registration from the Dean's Office (solving problems with enrollment, creating new groups, etc.) will be handled by e-mail between 8:00 a.m. and 3:00 p.m. (only on business days)
  - **Corrections of faculty enrollments will take place from 24.02.2023 from 08:00 to 22:00.** During these corrections, students are obliged to correct their records, related to, for example, the liquidation of small groups – in such a situation, you should sign up for a different class group than the liquidated one. The enrollment administrator will not enroll students from liquidated classes.
- The deadline for additional corrections of entries has been set for February 28, 2023 from 8:00 to 22:00. These adjustments are in order, for example, to organize the timetables (elimination of "overlays"), supplement the records.
- There will be no corrections to enrollments made at the student's request by enrollment administrators or the Vice-Dean. It will also not be possible to write "beyond your means" to groups.
